MY PORTFOLIO

- clean web application with intuitive functionalities .

• js us

Tech-Stack: HTML, CSS, JAVASCRIPT

GWALIOR MELA

- login | | sign up page with middle layer

• mvc operation

• admin panel

• curd operation

Tech-Stack: PHP, MYSQL , AJAX, JQUERY, JSON, CODIGNITER

RANDOM

- login | | sign up page with middle layer • mvc operation • admin panel • curd operation

Tech-Stack: PHP, MYSQL , AJAX, JSON, JQUERY, LARAVEL

CRM ADMIN PANEL

- Developed a comprehensive CRM (Customer Relationship Management) Admin Panel to manage and streamline customer interactions and data.

- Implemented responsive design to ensure seamless user experience across various devices including desktops, tablets, and mobile phones.

- Utilized React.js for building a dynamic and interactive front-end, enhancing user experience with efficient state management and reusable components.

- Integrated Node.js for backend development, enabling robust server-side logic and API handling.

- Leveraged LESS for CSS pre-processing, allowing for more manageable and scalable styling through variables, nesting, and mixins.

Tech-Stack: React Js , NodeJs , Html , Css , Less , javascript

KHATA BOOK

- Developed a comprehensive Khatabook application to manage and streamline financial transactions and customer accounts.

- Designed a responsive user interface to ensure seamless user experience across various devices including desktops, tablets, and mobile phones.

Tech-Stack: React Js , NodeJs , Html , Css , Less , javascript
